

Jeni's Ice Cream

This product has to be one of the most delicious tasting ice creams I have ever had. The texture is the perfect amount of creamy soft ice cream with a good mixture of butter cake pieces, which really tie the whole flavor combination together.

Boulder Sour Cream & Chive Canyon Cut Potato Chips

This is on my picnic list for finger licking flavor, perfect crisp texture and full on "scratching that itch" ratings. I like to pair it with local Organic Valley Sour Cream to which I add french onion dip mix I harvested from last year's garden.

Hiball Wild Berry Sparkling Energy Water

No calories, good flavor, and enough caffeine to help get through the grind! No crash either, just a good boost!!

Mush Overnight Oats - Vanilla Bean

Looking for a really tasty and fast breakfast option? Mush Overnight Oats is where it's at! Flavors are all really tasty, but I really like the versatility of the vanilla bean. I sometimes will add some yogurt and berries as well.

Wisconsin Meadows Grass Fed Skirt Steak

I met the farmer when he was doing a promotion at the store and absolutely trust the care he takes for his animals. I take this cut home when I want a light meal for two. You can use an extra hot pan in your kitchen or throw it on the grill for two minutes. It also works great in cast iron sitting in hot coals for a quick camp meal. Available at Willy North only.

Sassy Cow Whole Milk

This local milk is one of the only dairy products that I consume on a daily basis and will remain that way until I die.

Barnard Farm Door County Sweet Cherries

I wait all year for these delectable treats. A flavor that packs a punch, and a juiciness to match. Just the right balance of tart and sweet, these cherries have earned their reputation in Wisconsin lore.

Boda Butter Suds of Love Moisturizing Soap

I've been using this for years for shampooing my hair, washing my body, and washing my hands. It is also perfect for babies as well. It truly is all purpose! I love that it's made with only a few ingredients, and they are organic. Highly recommend.

Shikai Borage Therapy Hand Cream

My favorite hand cream. I'm not a lotion kinda gal, but sometimes I'll reach for it. Love how it goes on easy, not greasy. I can't stand when it takes 30 minutes to rub it in.
